

BITA BIOCHEMS LLP
SISTER CONCERN OF KHUSHI CHEMICALS PVT. LTD.
(SINCE -2006)

BITA BIOCHEMS LLP
SINCE
2006

www.bitabiochems.com

Bita Biochems LLP is instrumental in Manufacturing and Supplying wide specifications of Industrial Chemicals since 2026. Our wide range of products consists of Ferric chloride solution, Calcium chloride etc. With outlook of constantly evolving ourselves with latest industrial revulsion and new ideas for product development, we are incorporating progressive manufacturing methods for these products. Our products are widely accepted in the market for their finest quality. We manufacture these products keeping in mind the quality perspective as most important and for this we only deal with the trusted vendor for procurement of raw material.

Due to our trusted and diligent vendor base we are able to serve to the needs and expectations of our client base keeping in mind the set standards of the industry. In order to meet the needs of our client and for the timely delivery of their orders we have incorporated modern infrastructure which encompasses high end manufacturing, quality testing units and capacious warehousing facility. We test our products under strict quality parameters to make sure that only the best products are being delivered to our clients. We have a skilled pool of professionals who have vast knowledge of this domain and their main aim is to deliver maximum quality products from procurement till delivery of products. Furthermore, our skilled business ethics and wide distribution network of have gathered us vast clientele base to serve.

Mission

Work hard to make & serve good and low price quality product in the market to compete the globally.

Vision

To DELIGHT our customers with our commitment for service, Quality with lowest price, before time delivery.

Our Values

we want and we need to grow, but honestly customers growth is priority for us. Because our existence is due to our valued and owner able customers.

FERRIC CHLORIDE SOLUTION

Usage	Industrial
Packaging Size	IBC TANK, 200KG TANK, TANKER LODE etc.
Grade Standard	Commercial

Features

- High quality with best price
- Well reputation
- Factory with strong supply ability
- Prompt shipment

Specification Of Ferric Chloride Solution :

FecI3	42% Weight by Weight
FecI2	0. 4% max
Free hydrochloric acid	0. 5% max
Water insoluble matter	0. 5% max
Density (g/cm3)	1. 450 min
Colour	Dark Brown

CALCIUM CHLORIDE

Calcium chloride (CaCl₂) is an inorganic salt commonly available in solid (flakes, pellets, powder) or liquid form. It is highly soluble in water and widely used in industrial, food, and de-icing applications.

Basic Chemical Content

- ➔ **Chemical Formula** : CaCl₂
- ➔ **Molecular Weight** : 110.98 g/mol
- ➔ **Composition**
 - **Calcium (Ca)** : ~37%
 - **Chlorine (Cl)** : ~64%

Key Properties

- ➔ Highly **hygroscopic** (absorbs moisture from air)
- ➔ Generates heat when dissolved in water (**exothermic**)
- ➔ Excellent **de-icing** and **dust control** agent

Common Uses

- ➔ Road de-icing & dust suppression
- ➔ Food additive (firming agent, preservative)
- ➔ Construction (accelerates concrete setting)
- ➔ Oil & gas drilling fluids
- ➔ Moisture absorber (desiccant)

OUR LOCATION

Plot No.: 242, At - Kanoda, Ta - Becharaji
Dist - Mehsana-384412
